# SMART DRIVER

## regulable 15A

Dimmable smart driver 15A / Dimmable driver intelligent 15A  
/ SMART DRIVER regolabile 15A

### Detalles técnicos. Technical details

|                                                                                                      |                      |
|------------------------------------------------------------------------------------------------------|----------------------|
| Control / Input signal / Signal d'entrée / Controllo                                                 | RF 2.4GHz + Push Dim |
| Voltaje de entrada / Input Voltage / Tension d'entrée / Tensione d'ingresso                          | 100-265VAC           |
| Tensión de salida / Output Voltage / Tension de sortie / Tensione di uscita                          | 10-45VDC             |
| Corriente de salida / Output Current / Courant de sortie / Corrente di uscita                        | 150-700mA            |
| Potencia de salida / Output Power / Puissance de sortie / Potenza in uscita                          | Max 15W              |
| Tamaño / Size / Taille / Dimensione                                                                  | L51 x W41 x H30 mm   |
| Distancia / Distance / Distanza                                                                      | 30 m                 |
| Temperatura de trabajo / Working Temperature / Température de fonctionnement / Temperatura di lavoro | -30°C~+55°C          |
